Simon Stephan

Personal Data

Date of birth:	31.01.1990, Kassel, Germany
Work Address:	Department of Psychology, University of Göttingen, Gosslerstr. 14, 37073 Göttingen, Germany
email:	simon.stephan@psych.uni-goettingen.de
Phone:	+49 551 39 33762
Web:	www.psych.uni-goettingen.de/de/cognition/team/stephan

Work Experience/ Positions

2019 - Postdoctoral Associate, Department of Cognition and Decision Making, PI: Prof. Dr. Michael R. Waldmann, University of Göttingen

2015 – 2019 PhD student (Psychology) in the Program: "Behavior and Cognition", University of Göttingen

since 2014 Research Assistant, Department of Cognition and Decision Making, University of Göttingen

2010 – 2014 Student Research Assistant, Department of Psychology, University of Göttingen

Education

2015 – 2019 Doctorate degree, Dr. rer. nat. (summa cum laude)
University of Göttingen, Program: Behavior and Cognition
Title: "Answering Causal Queries About Singular Cases – An Evaluation of a New Computational Model", Supervisor: Prof. Dr. Michael R. Waldmann

2012 – 2014 Master of Science in Psychology (with distinction)
University of Göttingen

2009 – 2012 Bachelor of Science in Psychology (with distinction)
University of Göttingen

2002 – 2009 Abitur (eqvl. A-levels)
Grotefend-Gymnasium Münden, Hann. Münden

Awards & Scholarships/Grants

- October 2017 DFG Grant, value: 212,768.00€ Project: "Answering causal queries about singular cases" (The official holder of this grant is Michael R. Waldmann)
- July 2017 Computational Modeling Prize in High-level Cognition Sponsored by the Cognitive Science Society for the best full paper submissions that involve

computational cognitive modeling.

- 2016 – 2018 Leibniz-ScienceCampus Grant, value: 9,552.80€ Project: "The relationship between causal and moral judgments"
- 2015 – 2017 Leibniz-ScienceCampus Grant, value: 7,272.40€ Project: "The role of intentions in children's and adult's causal ascriptions"
- 2011 – 2012 e-fellows.net Scholarship

Publications

1. **Stephan, S.**, Tentori, K., Pighin, S. & Waldmann, M. R. (in press). Interpolating causal mechanisms: The paradox of knowing more. *Journal of Experimental Psychology: General*
2. Skovgaard-Olsen, N., **Stephan, S.**, & Waldmann, M. R. (in press). Conditionals and the hierarchy of causal queries. *Journal of Experimental Psychology: General*
3. **Stephan, S.**, & Waldmann, M. R. (2020). Causal scope and causal strength: The number of potential effects of a cause influences causal strength estimates. In S. Denison., M. Mack, Y. Xu, & B.C. Armstrong (Eds.), *Proceedings of the 42th Annual Conference of the Cognitive Science Society* (pp. 3426 - 3432). Austin, TX: Cognitive Science Society.
4. **Stephan, S.**, & Waldmann, M. R. (2020). On causal claims, contingencies, and inference: How causal terminology affects what we think about the strength of causal links. In S. Denison., M. Mack, Y. Xu, & B.C. Armstrong (Eds.), *Proceedings of the 42th Annual Conference of the Cognitive Science Society* (pp. 3419 - 3425). Austin, TX: Cognitive Science Society.

Kalish (Eds.), *Proceedings of the 40th Annual Conference of the Cognitive Science Society* (pp. 1080-1085). Austin, TX: Cognitive Science Society.
7. **Stephan, S.**, & Waldmann, M. R. (2018). Preemption in singular causation judgments: A computational model. *Topics in Cognitive Science, 10*, 242–257.
8. **Stephan, S.**, & Waldmann, M. R. (2017). Preemption in Singular Causation Judgments: A Computational Model. In G. Gunzelmann, A. Howes, T. Tenbrink, & E. Davelaar (Eds.), *Proceedings of the 39th Annual Meeting of the Cognitive Science Society* (pp. 1126–1131). Austin, TX: Cognitive Science Society.
9. **Stephan, S.**, Willemsen, P., & Gerstenberg, T. (2017). Marbles in inaction: Counterfactual simulation and causation by omission. In G. Gunzelmann, A. Howes, T. Tenbrink, & E. Davelaar (Eds.), *Proceedings of the 39th Annual Meeting of the Cognitive Science Society.* (pp. 1132-1137). Austin, TX: Cognitive Science Society.
10. Nagel, J., & **Stephan, S.** (2016). Explanations in causal chains: Selecting distal causes requires exportable mechanisms. In A. Papafragou, D. Grodner, D. Mirman, & J.C. Trueswell (Eds.), *Proceedings of the 38th Annual Conference of the Cognitive Science Society* (pp. 806-812). Austin, TX: Cognitive Science Society.

11. **Stephan, S.**, & Waldmann, M. R. (2016). Answering causal queries about singular cases. In A. Papafragou, D. Grodner, D. Mirman, & J.C. Trueswell (Eds.), *Proceedings of the 38th Annual Conference of the Cognitive Science Society* (pp. 2795-2801). Austin, TX: Cognitive Science Society.
12. Nagel, J., & **Stephan, S.** (2015). Mediators or alternative explanations: Transitivity in human-mediated causal chains. In D. C. Noelle, R. Dale, A. S. Warlaumont, J. Yoshimi, T. Matlock, C. D. Jennings, & P. P. Maglio (Eds.), *Proceedings of the 37th Annual Meeting of the Cognitive Science Society* (pp. 1691-1696). Austin, TX: Cognitive Science Society.

Forthcoming

13. **Stephan, S.**, & Waldmann, M. R. (accepted). The interplay between covariation, temporal, and mechanism information in singular causation judgments. In A. Wiegmann, & P. Willemsen (Eds.), *Advances in Experimental Philosophy of Causation*. London, UK: Bloomsbury Press.
14. **Stephan, S.**, & Waldmann, M. R. (under review). The role of mechanism knowledge in singular causation judgments.
15. Gerstenberg, T., & **Stephan, S.** (in revision). A counterfactual simulation model of causation by omission.

Conferences

- September 2019 ESPP Conference (27th), Athens, Greek **Talk:** "The Role of Effect and Sample Size in Causal Induction."
- September 2019 EuroCogSci 2019, Bochum, Germany **Poster:** "The Role of Effect and Sample Size in Causal Induction."
- June 2019 19th Summer Institute on Bounded Rationality, Berlin, Germany **Poster:** "Answering Causal Queries about Singular Cases: An Evaluation of a New Computational Model"
- July 2018 Cognitive Science Conference (40th), Madison, USA **Talk:** "Assessing Singular Causation: The Role of Causal Latencies"
- May 2018 International Meeting of the Psychonomic Society, Amsterdam, NL **Poster:** "Answering Singular Causation Queries: The Role of Temporal and Mechanistic Information"
- February 2018 Annual Meeting (7th) of the DFG Priority Program "New Frameworks of Rationality"
- August 2017 European Society for Philosophy and Psychology (ESPP) Conference, Hertfordshire, UK **Talk:** "Answering causal queries about singular cases"
- July 2017 Cognitive Science Conference (39th), London, UK **Talk:** "Preemption in singular causation judgments: A computational model"
- July 2017 Cognitive Science Conference (39th), London, UK **Talk:** "Marbles in inaction: Counterfactual simulation and causation by omission"

- March 2017 Annual Meeting (6th) of the DFG Priority Program "New Frameworks of Rationality" **Talk:** "Answering causal queries about singular cases"
- August 2016 Cognitive Science Conference (38th), Philadelphia, USA **Talk:** "Answering causal queries about singular cases"
- August 2016 Cognitive Science Conference (38th), Philadelphia, USA **Poster:** "Explanations in causal chains: Selecting distal causes requires exportable mechanisms" (presented by Jonas Nagel)
- July 2015 Cognitive Science Conference (37th), Pasadena, USA **Poster:** "Mediators or alternative explanations: Transitivity in human-mediated causal chains" (presented by Jonas Nagel)

Teaching Experience

Tutorials/ Seminars

Winter 2020/21	Seminar in "Quantitative Methods I" Part of the first year undergraduate psychology statistics class
Winter 2019/20	Seminar in "Quantitative Methods I" Part of the first year undergraduate psychology statistics class
Winter 2016/17	Seminar in "Quantitative Methods I" Part of the first year undergraduate psychology statistics class
Winter 2015/16	Seminar in "Quantitative Methods I" Part of the first year undergraduate psychology statistics class
Winter 2014/15	Seminar in "Quantitative Methods I" Part of the first year undergraduate psychology statistics class
Summer 2020	Seminar in "Quantitative Methods II" Part of the first year undergraduate psychology statistics class
Summer 2019	Seminar in "Quantitative Methods II" Part of the first year undergraduate psychology statistics class
Summer 2017	Seminar in "Quantitative Methods II" Part of the first year undergraduate psychology statistics class
Summer 2016	Seminar in "Quantitative Methods II" Part of the first year undergraduate psychology statistics class
Summer 2015	Seminar in "Quantitative Methods II" Part of the first year undergraduate psychology statistics class

see: https://quantigoettingen.github.io/quantigoettingen/

Supervision

Summer term 2020	Supervision of a Master Thesis on the difference between “triggering” and “maintaining” causes
Summer term 2020	Supervision of a Bachelor Thesis on the interpolation of causal chains
Winter term 2018/19	Supervision of a Bachelor Thesis on interpolation vs. lengthening of causal chains
Summer term 2018	Supervision of a Bachelor Thesis on the role of category levels in causal judgments
Summer term 2018	Supervision of a Bachelor Thesis on the influence of statistical norms on causal selection
Summer term 2017	Supervision of a Bachelor Thesis on preemption in singular causation judgments
Winter term 2016/17	Supervision of a Bachelor Thesis on singular causation judgments
Winter term 2016/17	Supervision of a Bachelor Thesis on causal reasoning about double prevention

Reviews

- Cognitive Science Conference Proceedings: ~~𝍸 𝍸~~ II
- Cognition: II
- Journal of Experimental Psychology – General: I
- Journal of Experimental Social Psychology: I
- Memory & Cognition: I
- Philosophical Psychology: I
- Psychological Review (as co-reviewer): I
- Cognitive Science: IIII
